

March 18, 2020

To all Clients, Partners and Friends,

As the information about the COVID-19 coronavirus pandemic continues to evolve, we at VPS Architecture are committed to taking preventative measures to reduce the risk to our team members, clients, and all of our partners. Please be assured that we are closely monitoring the situation and are following the recommendations from the Centers for Disease Control and Prevention.

At this time, our office remains open. Should our federal, state, or local authorities indicate that closing our office is necessary, we will implement our plan to work remotely to ensure the needs of our clients are met with minimal interruptions. Each of our team leaders will continue to communicate directly with our clients and will be available by email, phone, or virtual meeting.

We value our partnerships. We are committed to supporting each of our projects fully during this time while taking measures to protect the health and safety of our team members, clients, and all of our partners. Should you have questions or concerns, please do not hesitate to contact us.

Sincerely,
VPS Architecture

Sarah A. Schuler, AIA
Principal Architect | President
